Profile

React Developer with 2+ years of professional experience building modern, responsive, and scalable web applications. Strong expertise in **React**, **Next.js**, and **TypeScript**, with hands-on experience in API integration, enterprise systems, and offshore team collaboration. Focused on clean UI, performance, and maintainable code.

Skills

Frontend	Reactjs, Nextjs, Tailwindcss, Material UI, HTML5, CSS3, JavaScript
Backend & APIs	Nodejs, Prisma, Stripe, Expressjs
Database	Postgresql, MySQL, Neon
Cloud and Tools	AWS, Vercel, Firebase, Figma
Version Control	Github, Gitlab, Git

Work History

Front-End / React Developer

Advanced World Solutions, Inc. | Jul 2023 – Present

Core Responsibilities:

- Developed and maintained enterprise web applications using **Reactjs**, **TypeScript**, and **JavaScript**
- Built **reusable UI components** and handled **API integration** using **REST APIs**, **Nodejs**, and backend services
- Collaborated with offshore product teams, QA, and backend engineers using **Git-based workflows (GitHub/GitLab)**
- Investigated and resolved **production issues**, supported **integration testing**, and improved application stability

Projects:

Property Management System (Web Migration)

- Migrated legacy desktop PMS to a modern web platform
- Developed **API integrations** and supported **system testing**

Quality Analysis & Visualization Tool

- Built **interactive dashboards** using **React** (Pareto Charts, Fishbone diagrams)
- Created **reusable components** for **data-driven decision-making**

Location-Based Promotional Mobile App

- Assisted with **UI/UX design** using **Figma**
- Supported mobile logic for BLE-based features

Fullstack Developer

General Services Office – Iloilo | Feb 2023 – May 2023

Core Responsibilities:

- Sole developer of a Barangay Solid Waste Management System
- Built **front-end** using **Reactjs** and **Nextjs**
- Developed **RESTful backend** with **Nodejs** and **Expressjs**
- Designed **relational database** using **MySQL** and **Sequelize ORM**
- Implemented **authentication**, **reporting**, and **data management features**
