FEATURED PROJECT

Kwarta - Personal Finance Web App | [Live Demo](#) | [Source Code](#)

- Built a responsive personal finance web application using **Next.js (App Router)**, **React**, **TypeScript**, and **Tailwind CSS**
- Developed complete money-tracking flows for **income, expenses, budgets, accounts, and transfers** with category-based limits
- Implemented reporting dashboards and **data backup & restore** for authenticated user workspaces
- Persisted user data with **authenticated workspace sessions** and deployed on Vercel with a mobile-first responsive design

WORK HISTORY

Lead AI Engineer

Qroad Ph | Jun 2026 – Present

- Lead development of **AI-powered platforms**, integrating **OpenAI** into automated pipelines for lead discovery, scoring, and outreach
- Built **GameLead Radar**, an AI lead-discovery platform that crawls game-industry news/RSS feeds to surface pre-launch opportunities and auto-sends scored outreach emails via SMTP
- Developed an **internal AI SNS Manager** that generates platform-specific social drafts (captions, hashtags, scripts) with a human-in-the-loop approve-before-publish workflow
- Engineered concurrency-safe voucher marketing engines (**PostgreSQL** row locking, JWT auth, SMS delivery) and a comment-to-DM campaign integrated with Shopify
- Shipped a native **Android** app (Kotlin, Jetpack Compose) to Google Play with CameraX recording and on-device highlight generation

Frontend / React Developer

Advanced World Solutions, Inc. | Oct 2023 – March 2026
